

An aerial photograph of a serene natural setting. A deep blue lake is nestled within a dense, lush green forest. A sandy beach curves along the left side of the lake, where a few small figures of people can be seen. On the far left, a small wooden cabin with a dark roof is partially visible. The overall atmosphere is peaceful and secluded.

Seinäjäjoki

THE CAPITAL OF SPACE

An aerial photograph of a natural landscape. In the center, a dark, still lake is surrounded by a dense forest of tall, thin trees. To the left of the lake, there is a sandy clearing where several people are gathered. Further left, there are a few small, simple structures with dark roofs. The overall scene is peaceful and natural.

Space for all the good things

**We have courage and a strong
can-do attitude.**

**We love doing great things to develop our
city. We get excited by big projects.**

Space in the growth corridor

Business investments by 2021

over €1 billion

6th biggest
market area in Finland

**Number 1 city of
entrepreneurship**

(Federation of Finnish Enterprises 2018)

3rd highest

number of active companies
in relation to population

1,000 hectares
of new business areas

over 63,000
residents (+1%/ year)

10,000
students

(second level &
higher education)

Right in the middle
of the Helsinki-Oulu
growth corridor

Space for big ideas

Seinäjoki has a unique attitude.

- Seinäjoki was flat and without water areas, so we built a mountain and five lakes.

Space for the future

- The completely renewed station area extends the city centre (30 ha)
- Central square and Ideapark shopping centre 2019
- Nearly 20 construction projects are under way in the centre
- New business areas over 1,000 ha
- Investments of more than €1 billion by 2021
- Cultural centre Kalevan Navetta
- Tammi-campus, civil campus

Space for entrepreneurship

- Entrepreneurship is in our DNA.
- Seinäjoki has been chosen as Finland's best city for entrepreneurs twice already.
 - No. 1. (over 50,000 residents, Confederation of Finnish Industries local authority ranking 2017)
 - Finland's best business environment (Federation of Finnish Enterprises 2016 and 2018)

Space for business

- Finland's 6th biggest trade centre /market
- Number one in retail stores in cities of at least 40,000 residents
- A major investment Ideapark Seinäjoki: will be completed 12/2019, €100m, 70,000 m² on various floors, 1,000 jobs

Space for food production

- Some of the world's cleanest food is produced in Seinäjoki.
- Our food is exported globally, with China among the growing markets.

Space for big events

For us half a million festival visitors is an everyday event.

- Provinssi
- Seinäjoki Tango Festival
- Vauhtiajot Race&Rock
- Solar Sound

Space for architecture

- The unique administrative and cultural centre designed by Alvar Aalto is a world class attraction.
- The Aalto Centre is complemented by the Apila Library (JKMM Architects).

Space for education

- 10,000 students
- Seinäjoki University of Applied Sciences
- Educational Institution Sedu
- University Consortium of Seinäjoki
 - Tampere University
 - Helsinki University
 - University of Arts
 - Vaasa University
- The education of Seinäjoki citizens is on the level of university cities. Up to 32% of the residents have an academic degree.

Space for welfare

- Healthy Kids of Seinäjoki
- Seinäjoki is a global model city for the systematic work to reduce obesity in children.

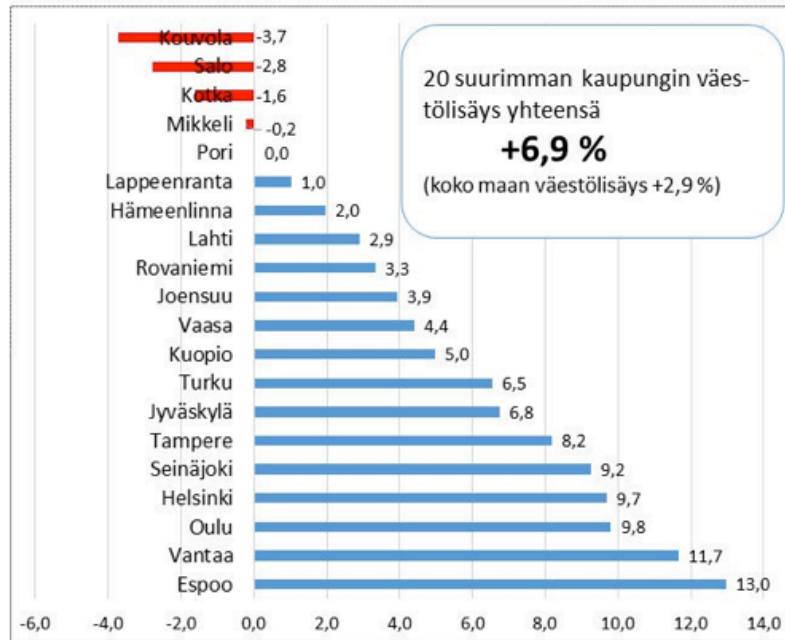

Space for sports, play and relaxation

- More than 60 sports clubs and organisations, offering a big variety of sport activities.
- We compete at the highest national level in several team sports.
- In Seinäjoki nature meets city life.

SPACE FOR GROWTH

Population 63 000, Yearly growth close to 1 %

Väestölisäys suhteellisesti (muutos%) 2010-2017/6

Lähde: Tilastokeskus, väestö 2010-2016; ennakkoväkiluku 2017

Sein

RAIMO SARAJÄRVI
Entrepreneur,
Real-Estate Investor

“Seinäjoki is a city of commerce. The chain stores located in our shopping centres do better than almost anywhere else in Finland, and both purchasing power and customer numbers are going up. We will definitely continue to invest heavily in the city center”

JUHA GRÖHN
CEO, Atria Oyj

“Seinäjoki is a great place for conducting operations, primarily because the people here are highly skilled and diligent. The overall atmosphere is also good. The city also keeps on growing and changing, the people just never stop.”

TIMO MANTILA
CEO, Lakea

“The growth and overall drive we are currently experiencing in Seinäjoki makes this a great place to do business. There is a lot of untapped customer potential. At the same time, compared to the bigger cities, the city is very compact.”

PETRI PIHLAJANIEMI
Entrepreneur, Hotelli-Ravintola Alma

“By skilfully combining traditional and modern elements, we are planning to turn it into something akin to a shared living room for the entire region of Southern Ostrobothnia. Seinäjoki is a great place to do business; the atmosphere is extremely entrepreneur-friendly. Things usually start to happen really fast here, people rarely hesitate for very long.”

MARK WILTSHEAR
Entrepreneur, Xport Oy

“Seinäjoki boasts a supportive business community, where creative people help each other to thrive. The renowned entrepreneurial spirit of Southern Ostrobothnia is alive and well, and has become more diverse and more international”.

A 2000 HECTARES BOOST TO INDUSTRIAL AND COMMERCIAL CONSTRUCTION PROJECTS

- Helsinki–Oulu main road’s new alignment Itäväylä (East Route) will create a great number of new viable locations for the businesses in the area
- During the next few years city planners will allocate over 1 000 hectares for business
- Companies investing in the new areas include
 - Posti Oy (Logistics terminal for approx. 8 000 m²)
 - Inex Partners Oy (Logistics terminal for approx. 8 000 m²)
 - Finn-Power (Industrial and office buildings with approx. 20 000 m²)
 - Several plots of land are purchased by transport companies and companies serving transport companies.

TOP 3 NEW BUSINESS AREAS

ROVES - Logistics and business area

Next to main road 19 (Helsinki-Tampere-Oulu) and 18 (Jyväskylä-Vaasa) and access to main road 67 (Seinäjoki-Kaskinen).

Infrastructure enables intermodal road & rail - transportations (railway connections to Helsinki, Oulu, Jyväskylä and Kaskinen).

Approx. 160 hectares of business plots now available (28 ha for commerce and services), new detailed plan for 150 hectares currently being developed.

Business opportunities e.g. for manufacturing, terminal operations, intermodal transport operations, machine and equipment maintenance operations, spare-part retail shops, truck parks and service stations, restaurants and cafes, security operations, cleaning and maintenance operations, real estate services and temporary staffing operations.

ESKOO - Commerce and services

Next to main road 19 (Helsinki-Tampere-Oulu) and access to main road 18 (Jyväskylä-Vaasa).

39 hectares in total, permitted building volume for 60 000 m² of floor space (detailed plan to be finalised by [4/2017? onko tässä virhe vuosiluvun osalta?](#))

Plan will include apartments for a total of 15 000 residents, creating an immediate market area of 30 000 consumers.

Business opportunities e.g. for retailers, shops requiring extensive floor space, well-being services, restaurants and cafes, entertainment and leisure activities.

PIHLAJANIEMI - Data centre operations

Next to main road 19 (Helsinki-Tampere-Oulu) and access to main road 18 (Jyväskylä-Vaasa).

Electrical grid capacity of 25-100 MW,

Closeness to national fibre optic trunk line. Multiple IT communications operators and electricity generators.

Heat capture applications possible in neighbouring commercial area of Eskoo.

15 hectares in total (can be divided into multiple plots).

Business opportunities for data centre operations.

SPACE FOR LARGEST SOLAR POWER PLANT IN FINLAND

- 24 000 Solar panels
- 36 000 m²
- 5600 MWh/year
- 5 % of Atria's annual energy consumption

SPACE FOR WORLD CLASS KNOW HOW IN LASER AND SHEET METAL MACHINERY

- Prima-Power moved to the brand new Seinäjoki factory by the end of 2018
- Prima Power is a leading specialist in machines and systems for sheet metal working
- Almost 400 employees
- 20 000 square meters of space
 - 13 000 square meters for production
 - 5000 square meters for offices
 - 1300 square meters for show room

SPACE FOR SHOPPING

Seinäjoki is No 1 city in Finland in retail/capita when compared to cities over 40 000 people

Ideapark Seinäjoki: Opens 12/2019, 70 000 square meters, 1000 jobs, 2 km from the city centre

SEINÄJOKI IN BRIEF

- The steady increase in the value of property and land in a growing city
- The attraction of the city supports the availability of labour
- Positive, active attitude, stability of the work force
- Excellent location in the growth path of Helsinki-Tampere-Seinäjoki
- Cost-efficient and fast highway logistics, the new East route
- Strong network of business partners nearby
- Maintenance and supply security, fewer production outages
- Good accessibility: 2 h 50 min to Helsinki, 1 h 5 min to Tampere and 45 min. to Vaasa
- International flight connections through Helsinki, Tampere and Vaasa
- Lower cost level than in larger cities
- Main railway connection to the Vuosaari harbour, railway connection to the Kaskinen harbour
- Seinäjoki University of Applied Sciences and the university centre, students and research cooperation
- Seinäjoki is a youthful, growing city with a great rhythm!

Seinäjoki Airport Future Vision

20.3.2019

Status Analyses Conclusions in 2013

- **Need to find new innovative income sources**
- **Helsinki route not feasible**
- **Business travel alone will not sustain the functionality and feasibility of the airport**
 - Taxi flights etc/focused services for lighter cost-structure
 - Possibility to develop activities
 - Need to change the whole view and approach!
 - Need to develop an innovative and unique airport concept!
 - Specialization
 - Broader than traditional airport operations concept

Light Airport Concept

State support suspended in 2015 → Seinäjoen Lentoasema Oy established on 25.1.2016

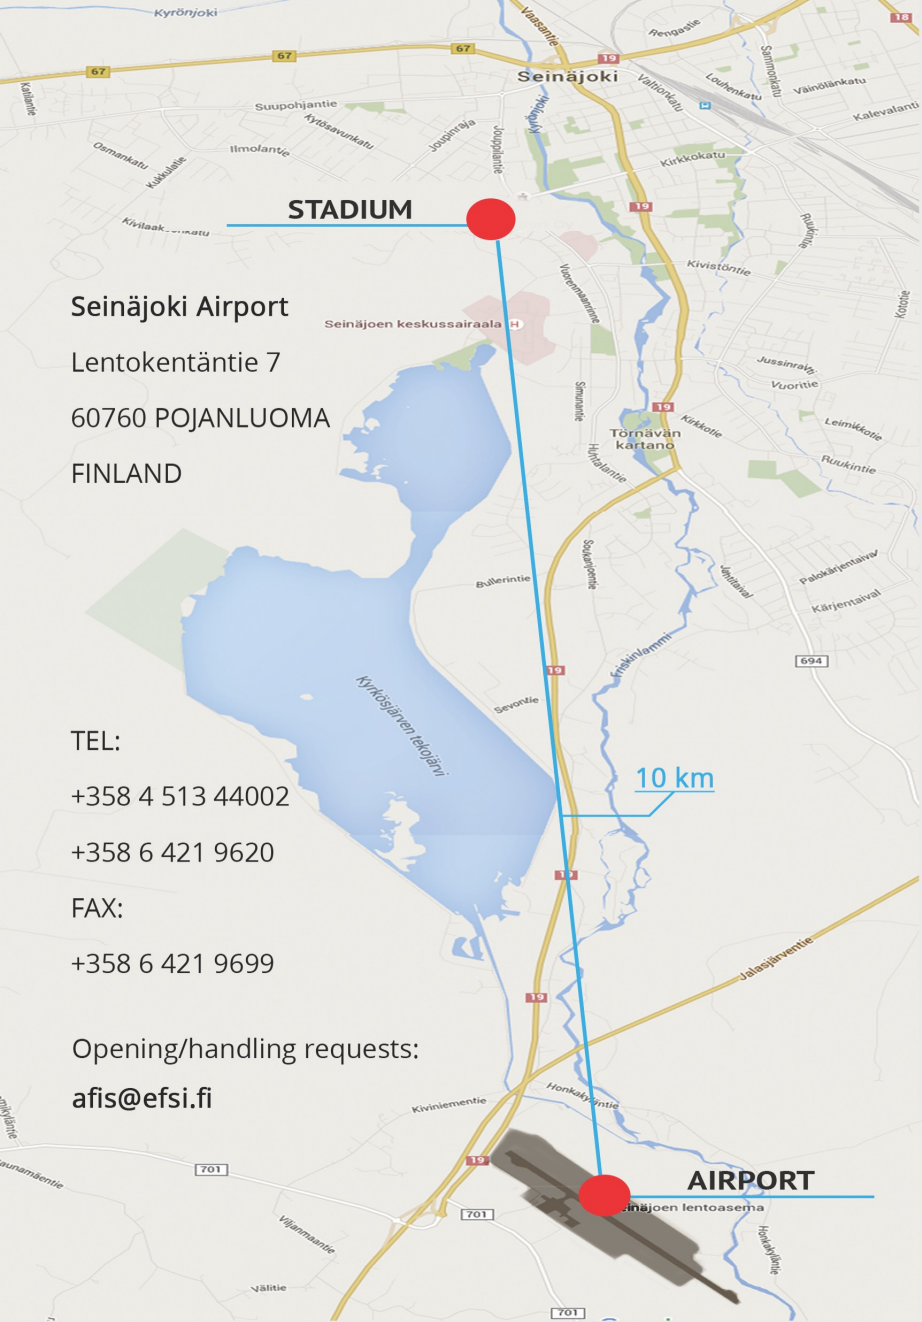

- 9 shareholders, 8 South Ostrobothnian companies + South-Ostrobothnian Aviation Club Foundation
- More than 80 committed companies
- Aim is to secure current infrastructure and to support vitality of the Seinäjoki Region
- Light airport concept: services only upon request, need based approach both for commercial and private air traffic
- Cooperation with educational institutions (maintenance, security)
- Distant air-traffic control (ref. Sweden)
- Aiming for cost-efficiency, savings and better service for business, as well as innovative ecological solutions

- **Annual operational budget (€):**
 - Companies: 50 000
 - Municipalities: 100 000 (Ilmajoki 30% / Seinäjoki 70%)
 - State: 150 000
