S2B LAUNCHPAD

by TARTU SCIENCE PARK

S2B LAUNCHPAD INVESTS € 25,000 IN YOUR DEVELOPMENT

S2B Launchpad is an incubation program for market validation and investor readiness for research and knowledge-intensive businesses.

80 hours key-mentor support

All of the mentors are highly qualified serial entrepreneurs and specialists

Workshops and events

The program is developed according to the needs of the team.

Community

In addition to the sTARTUp Tartu, Startup Estonia communities, we have an extensive international network.

Best office in the city

A place in the S2B Work Space office, where SpacelT, Futuclass, Bercman Technologies, Fyma and others already operate.

Mentor and investor contacts

Opportunity to validate your ideas and raise money.
